Dr. Zhu Peidong employs a research-oriented approach and the thread of "Empowering Spaces" to actively and continuously engage in the forefront of design. He responds to the demands of contemporary architecture within its complex context and addresses societal issues. Continuously employing the method of "scenario configuration," he achieves the augmentation of spatial value and the equilibrium of societal value through architectural innovation and creation. This process fosters a symbiotic relationship among individuals, society, architecture, and nature.

He was invited to participate in the 17th Venice Architecture Biennale Chinese Pavilion, the UIA 2021 RIO / 2023 CPH World Congress of Architects Exhibition Chinese Architecture Exhibition, Vicissitude of Vision: Inaugural Sino-Europe Invitational Architectural Exhibition 2020-2021, Beijing International Design Week, 2020 Industrial Architecture Innovation Forum and Color Trend, MindTalk Creative Open Class, Chinese Students and Scholars Association of Harvard School of Design, etc.

He has garnered numerous prestigious awards and honors including the Perspective 40 Under 40, the 2020 FA Emerging Architect Award, and being named one of the "Top 10 Outstanding Young Architects in Hangzhou." His works have received accolades such as Honorary Mention of ARCASIA Awards for Architecture, AIA International Awards, the China Survey and Design Industry Award, the First Prize in ASC Architectural Design Award, WA Technological Innovation Award Winner, China Construction Engineering Luban Award, Archdaily Building of the Year Winner, Dezeen Awards, WAF Highly Commended, and Architizer A+Awards Jury Winner, among other significant domestic and international recognitions.

Many of his works and research papers have been published in prominent architectural journals both domestically and internationally, including DETAIL, Architectural Journal, Time Architecture, World Architecture, Architectural Technique and Architectural Practice. Additionally, his projects have garnered attention from public and social media platforms such as CCTV, People's Daily, and Zhejiang Daily.

Representative Projects:

The works span a wide range of landmark cultural and high-end residential projects. These include: Hilton Hotel Expansion in Universal Studios, Los Angeles, FOREST Community in San Francisco, Zhejiang Conservatory of Music, Hangzhou International School, Hangzhou Qiantang River Museum, and Shanghai Zhaojialou Cultural Center. In the high-end residential sector, he has contributed to several top-tier series, such as: Changsha Phoenix Mansion and Tianjin Phoenix Mansion, part of Greentown's premium Phoenix Mansion Series; DalianCrest Residence, Changsha Top Mansion, and Sanya Shimei Bay Top Mansion, all part of China Resources' flagship Mansion Series; Customized luxury residential developments including Wuhan Great River Center and Cloud Mansion.
